- a) Novice Competition will take place first with their order of appearance determined by lot.
- b) In the Senior Competition, if the team who won the previous year is present, they will appear on the floor first. Other entries will draw for their position.

5. Rules of Judging

- a) The system of judging is based on the idea that all teams are 100% perfect when they take the field and that penalties will be charged against them for errors of the

unit and of each Elk for non-conformity to the regulations as set up in the rules.
(2009)

- b) Thereafter, the Team that performs the required maneuvers with the least number of errors will be the winner. The uniformity and the precision by which the Team maneuvers, rather than the size of the unit or the color of their uniforms will be the deciding factor.
- c) Judging will be from the first salute on the entry of inspection to the last salute. No points will be gained or lost by extra drill movements on entry prior to the saluting or after the salute when retiring. However, the time used for each entry must not exceed 90 seconds.
- d) A patrol team must remember that theoretically, during the maneuver, they are escorting candidates, and that points will be deducted unless spacing is allowed for such candidates.
- e) On Uniforms, consideration as value will have no bearing, nor will age of some. Cleanliness, smartness of wearer and uniformity will be points considered by judges at the time of inspection. Watches, rings, and eyeglasses will not be considered in judging uniformity.
- f) All intervals, distance, execution of pivots, maneuvers, etc., shall be judged on the basis of uniformity within the team. Penalties will be applied for the following infractions:
 - Precision and military bearing – false steps, false starts, off center, out of position, bad breaks from formation, incorrect position of unit, turning of heads, talking in ranks.
 - Intervals, Distance, Rank-Files – intervals between men, distance between ranks, files not covered, dress in columns, dress in platoons, dress in company front, dress in halt.
 - In Step Execution – fixed pivots, moving pivots, sagging at equipment, dragging of feet during slow march, improper cadence (assessment only)
- g) Point System – maximum attainable points – one hundred (100). Points will be adjusted on the basis of one point for minor mistakes up to a maximum of three points for serious mistakes.

6. Music

- a) Any type of music and musical accompaniment which is considered suitable by the competing teams may be used. No points will be gained or lost for music, or persons supplying the music. If necessary, music may be supplied by non-members of the Elks of Canada
- b) Any number of musicians may be used and their number will not be considered under the rule of team size.

7. Judges and Instructions.

- a) Judging of the competition will be done by judges (minimum 3 – maximum 5)
- b) Selection of judges will be made by the Provincial President through the Provincial Association. They will be selected for their work knowledge of the ritual and experience in Patrol Teamwork.

- c) Prior to the competition, the chairperson will hold a meeting with the judges to review the rules and regulations and the method of judging.
- d) The chairperson will also hold a meeting with the Patrol Team Captains prior to the competitions to discuss the same. No meeting will be held with the patrol team captains after the competition.
- e) Printed score cards for each team will be given to each Judge, who will, during the competition, mark down only the total number of errors of each team under the individual headings.
- f) All score cards will be picked up immediately after the last salute of each team.
- g) A committee, which shall be appointed by the chairperson, will be responsible to add up the errors and with the average of Judges being used, figure the correct score. Judges decisions will be final.
- h) It is suggested that prior to the start of competitions, the Chairperson should, in general, explain to those in attendance, what the procedures are and the method used for judging. **(2009)**
